

Our Chauffeurs

Unlike our vehicles, our chauffeurs are mature and experienced. They are at least 30 years of age and have no less than 10 years driving experience. You can expect them to arrive immaculately turned out and they will have your comfort, safety and pleasure as their personal responsibility. Our chauffeurs consider their career choice to be a vocation, not a job and that will be reflected in the level of service and courtesy you receive.

If you are looking for a company that places a great emphasis on delivery, customer care and satisfaction, then you have described the values and qualities of Cars for Stars Limited. Our drivers and vehicles are fully insured, as you would expect from a professional limousine hire company.

We operate a fleet of modern cars, which are well maintained and immaculate in their presentation, as are our chauffeurs who have the added qualities of maturity, experience and discretion.

We recognise the need to be flexible in our approach and our service options, therefore we will not ask you to select from menu pricing that assumes one size fits all.

We appreciate that whether you are arranging business travel, organising an event or preparing for a celebration, we need to cut our cloth to suit your individual requirements.

Personal Celebrations

There can be few things that turn heads more than a beautiful stretched limousine, or the arrival of guests in a chauffeur driven top of the range car. We have invested in the most modern limousines and executive cars to ensure that our clients can truly feel like a VIP. Visit our website for more information and pictures. www.carsforstars.net

Nights Out

With a choice of luxury car or stretched limousine, we can make sure that your night out is one to remember. Our fleet includes a black stretched limousine for those clients that want to stand out from the crowd.

Sporting Events

Travel to and from sporting events, be it for business or pleasure, can be frustrating and often unpredictable when relying on public transport. Our stretched limousines can take up to 8 passengers and is often less expensive than 8 individuals travelling separately by car or public transport.

Stag and Hen Nights

A girls night out, stag night, hen night or a team celebration can be rounded off in style with a stretched limousine from Cars for Stars. Our limousines have fitted bars and we would be delighted to provide a bottle of champagne with our compliments.

Our Cars

Most clients expect to be collected in a modern and immaculate limousine or car, but some find the reality can be somewhat different.

We have invested substantially on an ongoing basis to ensure that our clients always receive an immaculate, modern executive car or limousine.

In addition, our vehicles are highly equipped as is expected of the luxury marques that form our fleet.

Black Stretched Limousine

A favourite amongst our clients is a stunning, black stretched limousine. This vehicle is perfect for occasions when a white limousine may appear too 'ostentatious', or ideal for arriving in something different. It comes with a bar, one way tinted glass, TV, DVD, in-car entertainment and a custom designed and built interior, truly unique.

Bentley Arnage

For something special our Bentley Arnage is a particular favourite.
